AMONG THE RAILROADS.

"She used to wait for the boys by the park,
With a restless aspect in her eyes;
With a smile and a jest and a sarcasm or retort,
She caught the heart of girls."

She waited since in the chill air too long, taking cold at a critical time when her relaxed system needed warmth and tension.

Headache, cough, hectic fever and pain drove romance away; she grew paler than the pain moon, and even her lover grew indifferent, seeing her chances of power disappear. Taking Dr. Pierce's Favorite Prescription and his "Golden Medical Discovery," alternately each day for a few weeks, the suppressed functions of her delicate nature were restored to activity, the troublesome cough controlled and health, beauty and love returned to her. The "Favorite Prescription" tones up the system, thereby restoring and regulating suppressed functions while the "Golden Medical Discovery" is a nostrum remedy for all Coughs, Colds, Bronchial, Throat and Lung affections. These medicines are the only guaranteed remedies for the disease for which they are recommended. Money paid for them is promptly refunded, if, on fair trial, they do not benefit or cure.
